PETITIONING THE COURT

To modify the conditions of supervision as follows:

- 21 You shall complete 40 hours of community service work, at the rate of not less than 10 hours per month at a not-for-profit site approved in advance by the supervising probation officer. The hours are to be completed in full no later than February 1, 2014.

CAUSE

On July 1, 2014, Ms. Hamilton reported to Providence Mount Carmel Hospital in Colville, Washington, and provided a urinalysis sample that tested presumptively positive for methamphetamine. The sample was sent to Alere Toxicology Services (Alere) for further analysis. On July 11, 2014, Alere confirmed the aforementioned sample tested positive for the presence of methamphetamine.

On July 14, 2014, this officer attempted to confront Ms. Hamilton about the above-noted positive result for methamphetamine. However, just prior to this officer contacting Ms. Hamilton, she learned that her sister was killed due to a gunshot wound. Due to her emotional state, this officer chose not to confront Ms. Hamilton about the aforementioned drug use at that time.

On July 28, 2014, Ms. Hamilton reported for a substance abuse treatment session at Alcohol Drug Education Prevention and Treatment, Inc. (ADEPT) in Colville, Washington, and submitted to random drug testing. The sample was sent to Redwood Toxicology Laboratory (Redwood) for further analysis. On August 14, 2014, this officer received the test results from Redwood Toxicology Laboratory that confirmed the sample collected on July 28, 2014, was positive for amphetamines.

Prob 12B

Re: Hamilton, Deanna Rae**August 19, 2014****Page 2**

On August 7, 2014, this officer spoke with Ms. Hamilton about her drug use. She acknowledged that she had used methamphetamine on two occasions after the death of her sister on July 14, 2014.

Currently, Ms. Hamilton is participating in intensive outpatient substance abuse treatment at ADEPT in Colville, Washington. Ms. Hamilton's substance abuse counselor is aware of her methamphetamine use and recommended she continue to participate in intensive outpatient substance abuse treatment. Ms. Hamilton also agreed to participate in weekly narcotics anonymous (NA) meetings, in which she has reportedly obtained a sponsor to assist her with the steps of the 12-step program. In addition, Ms. Hamilton has maintained employment at a bar and grill restaurant in Colville, Washington.

With regard to the requested modification, Ms. Hamilton advised that she would provide community services hours through local church organizations by distributing food to the less fortunate. Ms. Hamilton agreed that performing community services hours would be a favorable experience for her, and would allow her to associate with positive people.

Respectfully submitted,
